## General Information

---

The Early Academic Outreach Program (EAOP) offers enrollment in UC Berkeley Summer Sessions and a special EAOP discussion section for highly prepared EAOP students during the summer between their junior and senior years. The cost of registration and course fees is completely covered by EAOP and UC Berkeley Summer Sessions. Students are responsible for the cost of transportation and books. Financial support for public transportation tickets and books will be available to students who qualify. Please fill out the Financial Support Application and turn it in to your EAOP representative by the application deadline if you think you may qualify for travel and book subsidies.

UC Berkeley Summer Sessions courses are extremely rigorous. They are actual college courses taught by UC professors and attended by UC undergraduates. They are also fifteen-week classes compressed into six weeks. For this reason, participation is open only to current juniors who possess a minimum 3.5 weighted GPA in A-G coursework and have demonstrated maturity and leadership throughout high school.

**Credit earned in a UC Berkeley Summer Sessions course appears on a standard UC Berkeley transcript and is transferable to many colleges and universities.**

## Proposed Courses & Schedules

---

Students will enroll in one of the proposed Summer Sessions courses:

### **Classics 28 (Greek & Roman Mythology) (4 units)**

**July 5 – August 12**

**Instructor:** Anthony Bulloch

**Location for Lecture & Discussion:** 88 Dwinelle

**EAOP Section:** TuTh 1:00 p.m. – 2:00 p.m.

This survey course will examine the historical experiences of European immigrants, African Americans, and Latinos, emphasizing the themes of migration and economic change since the late 19<sup>th</sup> century. Though the class will focus on three groups, the course will also address salient features of the experiences of Asian Americans, Native Americans, and recently arrived immigrants in light of themes of the course. Intragroup differences such as class and gender will be discussed.

### **Earth and Planetary Science 80: Environmental Earth Sciences Lec 2 (2 units)**

**July 5 – August 12**

**Instructor:** Steve Andrews

**Lecture:** TuTh 4:30 p.m. – 7:00 p.m.

**Location:** 141 McCone

**EAOP Section:** Th 3:00 p.m. – 4:00 p.m.

The course describes geologic processes active on and in the earth and man's interactions with them. Geologic aspects of use of the land and oceans based on an understanding of earth's environmental processes.

## Application Process

---

The Summer Sessions Review Committee will screen each applicant on the basis of the completed EAOP Summer Sessions Application for 11<sup>th</sup> Grade Students using a comprehensive review process. Please follow the instructions carefully and return your completed application to your EAOP representative.

**The Summer Sessions application deadline:**  
**March 18, 2011**

Applications must be received by your EAOP representative by this date. Late applications will not be accepted.

## Program Fees

---

EAOP students do not pay program fees. Students are responsible for the cost of transportation and books. Financial support for public transportation tickets and books will be available to students who qualify. Please fill out the Financial Support Application if you feel you may qualify for travel or book subsidies.

## Program Expectations

---

Students are expected to arrive at all Summer Sessions classes promptly, to complete all assignments, and to conduct themselves according to the University of California, Berkeley's Code of Conduct.

Students who do not adhere to the expected policies will be subject to dismissal at the discretion of the EAOP administration.

Because of the high cost to EAOP and UC Berkeley Summer Sessions, as well as the rigor of the coursework, Summer Sessions students must commit to attend all classes and related sections/study groups. No exceptions will be granted. **Students may be dropped from Summer Sessions if they miss more than 2 classes or discussion sections.**

## Admission Requirements

---

Students must demonstrate strong academic qualifications and active participation in EAOP, well beyond the minimum EAOP admissions and retention requirements.

Because Summer Sessions courses are extremely rigorous and there is limited space available, the following criteria will also be used to determine eligibility and acceptance:

- Summer Sessions is open to students entering the 12<sup>th</sup> grade in the fall of 2011.
- Priority will be given to active EAOP participants - those students who have had consistent contact with their EAOP Regional representative and have participated in EAOP meetings and programs.
- Students who have successfully completed the application, including a quality personal statement. Special attention will be given to each student's course pattern, especially honors and Advanced Placement courses.

## Selection Process

---

- **Notification of Admission by EAOP:** Students will be notified of admission decisions by mail in April.
- **Statement of Intent to Register:** If you are accepted to Summer Sessions, you will receive a letter, which includes a Statement of Intent to Register form. Students must return their Statement of Intent to Register by the deadline in the acceptance letter.
- **Preliminary Course Acceptance:** Students will receive notice of preliminary admission to Summer Sessions through EAOP. However, admission into courses cannot be confirmed until final paperwork is processed through the UC Berkeley Summer Sessions office.

\* Some EAOP representative may employ a lottery system to determine admittance.
