### General Information

---

For over 30 years, the Early Academic Outreach Program at UC Berkeley has helped high school students prepare for college by creating a community of young scholars and offering college preparatory academic enrichment opportunities. One of the exciting opportunities offered to EAOP students is the SAT Academy.

The SAT Academy is a nine-week SAT Reasoning Test preparation course that takes place on Saturday mornings between January 7 and March 3, 2012.

The SAT Academy is available to EAOP students in three different locations: UC Berkeley campus, UCSF Parnassus campus, and Los Medanos College.

## Application Process

---

EAOP Juniors are eligible to apply to the SAT Academy by going to the website at [eaop.berkeley.edu](http://eaop.berkeley.edu) and filling out the online application. Students are expected to fill out the online application completely. Failure to do so may affect your chances of being selected for the program.

### Eligibility Requirements:

- Must be a current EAOP Junior.
- Minimum 3.0 GPA in A-G courses.
- Have passed (with a C or better) or are currently enrolled in Algebra II or Advanced Algebra.

**Application Deadline:  
November 4, 2011**

Applications submitted after the November 4<sup>th</sup> deadline will automatically be placed in the waitpool.

### Selection Process

---

The SAT Academy selection committee will screen each applicant on the basis of the completed SAT Academy Application using a comprehensive review process. Selection will be based on an applicant's demonstrated level of scholarship in preparing for university work, as well as past participation in the EAOP program. In some cases, EAOP Staff may employ a lottery system when selecting students.

**Notification of Admission:** Students who apply by the deadline will be notified regarding admission by the end of November.

**Statement of Intent to Register:** Students who are accepted to the SAT Academy will need to fill out a Statement of Intent to Register and other pertinent registration forms. Failure to return these forms on time may result in forfeiture of acceptance.

## Student Expectations

Students are expected to arrive to all SAT Academy classes promptly and regularly, to complete all assignments, and to conduct themselves according to the EAOP Student Expectations listed in the SAT Academy Student Handbook. Students who do not adhere to the expected policies will be subject to dismissal at the discretion of the EAOP administration.

## Attendance Requirements

Students may be dropped from SAT Academy if they are absent more than once from classes; two tardies are equivalent to one absence. Attendance at all SAT Academy classes is mandatory.

## Program Fees, Transportation & Food

Students do not pay SAT Academy program fees. Students are responsible for the cost of transportation. Students are expected to provide their own snacks.

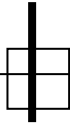

## Program Schedule

Students selected to be in the SAT Academy are expected to attend all classes.
